What others have said about the training-

"Best mix of practical and theoretical knowledge sharing. Must attend for those who find book reading as a difficult/ time taking activity."

Sheetal Bagankar, AGM -
Compensation & Benefits, Nuvoco (
formerly known as Lafarge Group)

"Nice and interactive workshop. Would recommend every one wanting to learn speed reading to attend this workshop."

Bhavika Samani, English Teacher

My calling requires me to read more and hence I was on the lookout for methods to reduce the time I take to read.

During the workshop, I learned new techniques to reduce the time it takes to read and to read more. For me particularly chunking method is the best. It will take some time to master the techniques.

The workshop gave me insight as to the ability of our human minds. Overall, it was a good experience, though I feel it should have been for a day or two more
Shabbir Jariwala, Advocate

It is really helpful because u can see immediate changes just after the session my reading speed increased by 100% and more is possible by practice overall very good for a neophyte

Lalit Jain, Trader, Vikabh securities

I attended this workshop to Increase my reading Speed and I had a list of books to complete. I learned a lot of tricks from the Master and was wonderful to know Srinivas experience in the workshop.

I liked the simplicity of the techniques and concepts taught in the workshop. In class itself, my reading speed went from 72 to 184 words per minute without compromising quality and indeed achieving the desired Result.

It is worth learning, the techniques taught in the workshop. I highly recommend the workshop to people who want to increase their reading speed and for kids too.

Navneet Bhatte Options Trader -Vikabh Securities

I came to have a better grasp of the material I read. A lot of myths I lived with were removed, primarily 1. I was deliberately reading slowly 2. I wanted to grasp 100% at first go. I have already recommended your workshop to many. it was a very fruitful Sunday. I read more and enjoy reading more and share more.

Amita Sonthalia, Managing Director, Triveni Lights

Some myths about reading got busted, I always thought that I need to read every word and this affected my speed. Thanks to the workshop my speed has considerably increased. Srinivas's enthusiasm, knowledge of the subject and hard work is really commendable. Also noteworthy was the fact that he had read so many books and was belting out the must reads at the workshop. A

must attend workshop for all, irrespective of age and profession, all the very best to Srinivas.

Veena Kamath, Banker, Leading private sector Bank

Being a teacher I have to read many reference books and textbooks. It was a need to read fast and more effectively. I believe I have improved my reading speed. Note making techniques has also helped me a lot.

I really liked the way the skills were taught. The exercises we did were simple and could be done by anyone. The facts that were shared were completely eye opening.

To summarise the entire experience, I would just say the workshop is completely value for money and secret to effective reading.

This workshop is a must for all those who want to read but just read initial pages and keep the book aside. The workshop and Srinivas both fill you with a different energy and enthusiasm to read and read more!!
